Sir,

I have the honor to report that the residents of the Mysore & the Champion Reefs Mining area have applied to the President of the Sanitary Board, for the continuance of the existing Female Dispensary at Champion Reefs even after the opening of the Maternity. The proposal has the strong support of both the Mining Board and the Sanitary Board, Kolar Gold Fields, as can be seen from the enclosures to letter No. 647 dated 19-6-1914 from the President, which are all forwarded herewith in original, to be obligingly returned.

2. One of the considerations put forward by the President of the Sanitary Board, which induced Government to sanction the Maternity at Robertsonpet, was that the expenditure on the establishment of the Maternity would not be much if the present Female Dispensary be abolished and its establishment be absorbed.

3. The present proposal of the President is contrary to what was proposed in 1911 and this has been pointed out to him and he has been asked to ascertain from the Sanitary

Sir,

In enclosing herein a communication received from the Chief Medical Officer, Kolar Gold Fields and another from the residents on the Mysore and Champion Reef Mining -- Companies' property on the Fields, I have the honour to strongly support their request and to add that the continuance of the Dispensary as it now is, at Champion Reef is an absolute necessity.

The distance between this end of the Fields and the Maternity Hospital about to be opened at Robertsonpet is more than two miles.

The population hereabouts requiring medical aid can well be gauged by you from the statistics available from there.

In addition to the large public requiring the

SENIOR SURGEON & OFFICE OF MYSORE GOVT. 20 JUN 1914 BANGALORE.

the continuance of the institution as it now is, there is a large official element living in close vicinity of the -- Dispensary. They will also find the distance between their houses and the Maternity Hospital forbidding.

Public conveyances are not cheap ~~and~~ nor easily available whenever people have to go to the Maternity Hospital.

Continuing the dispensary as an open institution treating patients of both sexes will make it less useful than it would otherwise be. Such a thing is not wanted as males can always obtain treatment at the Company's Hospital close by. It is mostly for female patients that this institution is wanted and it is as such that Dr. J. D. O'Donnell, Chief Medical Officer would like to have it continued.

Under these circumstances I would request -- your recommending to Government the continuance of this dispensary in its present form.

A copy of the Board's resolution in this -- matter is also enclosed for your information.

Being given to understand that the Maternity Hospital at Robertsonpet is to be opened for the public, we apprehend that the Dispensary at Champion Reef may cease to exist.

This Dispensary is of immense use to us, residents on the Mysore and Champion Reef Gold Mining Co., Stephen's Camp and surrounding villages and distance forbids the other place from being equally serviceable.

We therefore pray that you may be pleased to recommend the continuance of the Dispensary as before.

Sir,

With reference to para 3 of my letter No.G. 566 dated 29th June 1914, I have the honor to forward herewith a copy of letter No. 107 dated 1st September 1914, from the President of the Sanitary Board, Kolar Gold Fields, enclosing a copy of the Resolution of the Board, agreeing to bear the establishment charges of the present Female Dispensary at Champion Reefs, and recommending its continuance in its present form. There can be no two opinions regarding the need for a dispensary at this end of the Fields, and since the Sanitary Board is prepared to bear the establishment charges according to the practice obtaining elsewhere, I recommend that the continuance of the existing dispensary at Champion Reefs may be sanctioned by Government. This necessarily involves a modification of Government Order No. 2521-6/Med.190-10-4 dated 6-10-1911, which required the absorption of the hands of the dispensary in the establishment of the new Maternity at Robertsonpet.

Regarding the Continuance of the existing Female Dispensary at Champion Reefs —

Encl to med 1-14-2

Letter No. 107 dated 1st September 1914 from the President, Sanitary Board, Kolar Gold Fields, to the Senior Surgeon with the Government of Mysore, Bangalore.

With reference to your letter No. 5715/ dated the 29th June last, regarding the retention of the Female Dispensary at Champion Reefs, I have the honor to enclose herein a copy of the resolution (Board's) No.9 at their meeting held on the 21st August 1914. The Board are of opinion, for reasons already explained, it is very desirable on behalf of the community residing at this end of the Field, to continue the present dispensary at Champion Reefs, providing also for emergency maternity cases therein.

2. As regards the cost of the establishment and other charges connected with the dispensary, the Board have agreed to meet the salaries of the servants attached to the dispensary and the cost of medicines in accordance with the practice elsewhere and in the same proportions as the District and Municipal Boards pay in the case of Local Fund Dispensaries of the Province, the salary of the officer in charge of the dispensary being as usual debited to Medical Budget (Provincial Funds.)

Under these circumstances, I request that you will be so kind as to obtain early sanction of Government for the continuance of the said dispensary, and for the Board's proposal in the matter of costs for the maintenance of the same.
